2 ABOUT ME

3

Hello, My name is Mitch. I am a current Student at Coder Academy Australia. I am taking part in the Accelerated Web Development Course. On completion of my course I will receive a Diploma in Information Technology and have the skills to be job ready as a Web Developer.

I currently live in Shiga, Japan but am originally from Australia. I pride myself on my professionalism and great work ethic. I am from a long history of Customer Service and I am great with people aswell as Computers. I am resillient and hardworking and will do anything I put my mind to.

When I am not coding I enjoy playing video games, snowboarding in the winter and designing clothing for my apparel company.

To find out more about my work experience, please take a look at my resume at the link below.

Review

- Overall amazing experience for my first project
- Learnt a lot about CSS
- Ran into issues especially with Responsiveness and FlexBox
- My favourite part was when my Navigation for mobile worked!
- Has made me more excited to learn more
