# Wireframes

This wireframe shows a horizontal navigation bar at the top with five items: HOME, ME, PORTFOLIO, BLOG (which is highlighted in blue), and CONTACT. Below the navigation, there is a large section labeled "PAGE TITLE". Inside this section, there are two identical card-like components. Each card has a dark gray header with "TITLE & LINK" and a white "BLOG IMAGE". Below the image is a dark gray footer with "Date published & Name of Publisher". At the bottom of the page, there are three small "Social" icons.

Blog List

This wireframe shows a horizontal navigation bar at the top with five items: HOME, ME, PORTFOLIO, BLOG (which is highlighted in blue), and CONTACT. Below the navigation, there is a large section labeled "BLOG TITLE". Underneath the title, there is a list of blog posts. Each post is represented by a dark gray card with a white "IMAGE" placeholder on the left and a "BLOG POST CONTENT" area on the right. Above each card, the "TITLE OF POST AND DATE PUBLISHED" is displayed. At the bottom of the page, there are three small "Social" icons.

2 ABOUT ME

3

Hello, My name is Mitch. I am a current Student at Coder Academy Australia. I am taking part in the Accerated Web Development Course. On completion of my course I will receive a Diploma in Information Technology and have the skills to be job ready as a Web Developer. My current Tech stack consists of **HTML and CSS**. By completeion of my course I will also be well versed in **Python, JavaScript, Node JS, express, MongoDB and React**.

I currently live in Shiga, Japan but am originally from Australia. I pride myself on my professionalism and great work ethic. I am from a long history of Customer Service and I am great with people as well as Computers. I am resilient and hardworking and will do anything I put my mind to.

When I am not coding I enjoy playing video games, snowboarding in the winter and designing clothing for my apparel company.

To find out more about my work experience, please take a look at my resume at the link below.

# Portfolio Page

## Components, Features and Design

1. Navigation
  2. Title
  3. Main Content box with clickable icons that link to project GitHub
  4. Social icons
- Description of work inside dark box
  - Highlightable and clickable GitHub icons that link the user to the project
  - Follows same color theory

The screenshot shows a portfolio website with a light blue header containing navigation links: HOME, ME, PORTFOLIO, BLOG, and CONTACT. Below the header is a large section titled "MY WORK". Inside this section, there is a dark box containing a GitHub icon and the text "This is a Github Link to my first large project. MY PORTFOLIO!". Below this, another dark box contains a GitHub icon and the text "MORE PROJECTS COMING SOON!". At the bottom of the main content area, there is a footer with social media icons for Twitter, GitHub, and LinkedIn, and the copyright notice "© Mitchell Fernandez 2023".

Desktop

The screenshot shows the same portfolio website on a mobile device. The layout is similar to the desktop version, featuring a light blue header, a "MY WORK" section with a GitHub link and a "MORE PROJECTS COMING SOON!" box, and a footer with social media icons and the copyright notice "© Mitchell Fernandez 2023". The overall design follows a consistent color scheme and structure across both devices.

Mobile

# Blog Page

## Components, Features and Design

1. Navigation
2. Title
3. Main Content Box
4. Blog info, link, image and Date published

### 5. Social icon links

### 6. Scrollable

- Main content box shows image clickable titles and date published and publisher
- Added extra information for users to click the links
- Main content has the consistent dark box background to make content stand out

# Blog post Page Components, Features and Design

1. Navigation
2. Blog Title
3. Post Title/date and publisher
4. Post container, image and post
5. Social icons

- Keeping to the same style using dark background boxes
- Images and post content sits inside the blog container to make the content pop!
- Heading and date published sits outside to make the content pop more
- Used column style for readability and more user friendly on mobile and tablet

# Review

- Overall amazing experience for my first project
- Learnt a lot about CSS
- Ran into issues especially with Responsiveness and FlexBox, Documentation was tough.
- My favourite part was when my Navigation for mobile worked!
- Has made me more excited to learn more
